ON JOB TRAINING

After the initial training, training and refreshing the subjects while on job is an important aspect of security working.

The BK Security conducts timely OJT's at all client sites and refreshes the security personnel of the subjects that are necessary while on duty or as per the client requirement.

BK Security conducts OJT once every quarter or as per the SLA of the client. On the Spot test papers are conducted as a part of the OJT to see the output of the training in the security personnel.

Whenever training is conducted an OJT LOG Sheet is maintained consisting the subjects of training and the number of security personnel trained. This Log Sheet is vetted by the client representative.

An OJT Satisfaction Feedback form is also taken from the client to gauge the satisfaction level of the training and to take any recommendations or suggestions that may be needed for further training and improvements.
